## Practitioners' Charges

Christian Science practitioners should make their charges for treatment equal to those of reputable physicians in their respective localities.

Dear friends,

Here is information about my availability and my payment rates for 2018.

**My availability for phone calls:**

**Monday-Friday:** 9am-4pm ET

**Sundays:** 12-5pm ET

And as many of you know I also work for 1 dedicated to the *movement of Christian S*.  
**I'm available by phone, text (including 1**

So much of my time and thought is  
much available to you when you're in need.

Although texts are a fast way to get in touch  
see your texts, calls, and emails quickly at

ways respond immediately. However, I do

I'm available Sundays, but not Saturdays. But if you need help, you can still try to reach me—don't worry about me being too busy! I love to pray with each of you no matter when.

**One last note:** I've found that when requesting Christian Science treatment via phone, calls only need to take 5-10 minutes. After that, prayer is what's needed. And I always find it helpful to remember that *healing is not about talking*—it's about listening to divine Love's message of freedom.

With love,  
Tad
